

Program Components

- 1) Door-to-door outreach and assessment
- PCOE child development training and provider recruitment
- 3) Link families with children 0-5 to support services and case management at the FRC
- 4) Participate in neighborhood events and activities
- 5) Preventive health education and screening
- 6) Thrive by 5 summer camp
- 7) Extended day kindergarten academic and physical intervention (project year 1 only)

Door-to-door Flowchart: 04-05

Door-to-door Data: 04-05

Language Breakdown for all door-to-door contacts:

- 154 (74%) English
- 52 (25%) Spanish
- 3 (1%) Tagalog/Hindi

Immediate Referral Data:

- 20/179 (11%) requested an on-the-spot referral
 - Basic Needs 3
 - Healthcare 3
 - Counseling 2
 - Employment 3
 - Education 7
 - Family Support 1
 - o **Legal 1**
- 8/20 (40%) families requesting an immediate referral had children 0-5

Door-to-door Contact Resulting in FRC Intake:

- 19/209 (9%) contacts overall
- 15/68 (22%) of contacts with families of 0-5

Door-to-door Data: 04-05

Children 0-5 residing in door-to-door homes:

Some parents acknowledged that a child 0-5 lived in the home, but refused additional information on the door-to-door cold contact. This incomplete data shows children included in door-to-door contacts.

Age	0	1	2	3	4	5	Total
Male	8	4	5	8	6	4	35
Female	8	6	5	11	10	4	44
Pregnant	6						6
						Total:	85

Door-to-door Data: 04-05

209/307 (68%) live contacts overall

76/209 (36%) live contacts with 0-5 homes

33/76 (43%) of 0-5 homes referred to PCOE

AWARE OF COMMUNITY RESOURCES?

- 154/209 (74%) of overall door-to-door contacts unaware of community resources
- 34/76 (45%) of door-to-door homes with 0-5 children unaware of community resources

Thrive by Five Quotes from 0-5 Parents

"Wow! I had no clue there was an agency like this in the area. It will really help my family."

-Male parent of 6 month old girl

"You offer childcare during class time... for English language classes."

-Spanish-speaking mother of 6 month-old and 4 year-old girls

"In the evenings my son picks out his books and pretends to read them to his little brother and sister. I've seen him much more interested in school since he started attending the summer camp."

-Mom of Tx5 Summer Camp student

5-Year Old Assessment
Walk backward, heel-to-toe
Walk up and down stairs, alternating feet
Cut on a line
Print some letters of the alphabet
Point to and name 3 shapes
Group common related objects: shoe, sock and
foot
Demonstrate number concepts to 4 or 5
Cut food with a knife, such as celery or a
sandwich
Lace shoes
Read from story picture book—in other words,
tell story by looking at pictures
Draw a person with 3 to 6 body parts
Play and interact with other children; engage in
a dramatic play that is close to reality
Build complex structures with blocks or other
building materials
Respond to simple 3-step directions: "Give me
the pencil, put the book on the table and hold
the comb in your hand."
Ask "how" questions
Respond verbally to "Hi!" and "How are you?"
Tell about an event using past and future tense

Counseling	22	12%
Educational/Vocational	30	16%
Legal	7	4%
Healthcare	33	13%

Success Stories

During Thrive by Five summer camp recruitment, AFRC staff consulted with Betty, mother of a five year-old about to begin kindergarten. After talking with Betty AFRC staff determined that none of her four children had health insurance. The AFRC case manager immediately linked mom with CHDP, enrolled the family in the Kaiser Child Health Plan, and completed follow-up to ensure that the family received services. All children in the home are now insured and have a primary care physician. Betty also attended the Thrive by Five summer camp program and received needed intervention prior to starting kindergarten.

Judy, mother of 5 year-old and 8 year-old boys, learned about AFRC services during our Thrive by Five door-to-door campaign. Judy requested immediate referral to dental care and kindergarten enrollment. Neither of her sons had ever received a dental exam. AFRC staff assisted Judy in making dental appointments for both boys and completing kindergarten registration prior to the beginning of the school year.

Evidence of Transfer of Knowledge

Parent surveys confirm that 123/184 (67%) of case managed families with children 0-5 have shared information about community resources, including the FRC, PCOE and Thrive by 5.

175/209 (84%) of households contacted through door-to-door outreach requested additional printed materials to share with a friend or family member.

67/76 (88%) of households with children 0-5 contacted through door-to-door outreach requested additional printed materials to share with a friend or family member.
